Dear Dean of Friends University,

I am writing this letter because I would like some kind of explanation for the way I have been treated by some of the employees of this school.

Specifically, I would like to know the answers to the following:

I passed the Summer Semester in my chosen Major with a 3.5 gpa.

As soon as the Summer Semester ended--on the date of July 31--I asked one of my teachers when the Fall Semester was due to start and how do I register and enroll.

(When I was first admitted to the school, I was able to enroll and add classes through my student webpage. There was great surprise that I was able to do that and the function was disabled. I didn't think much about that at the time.)

The question was completely ignored.

Five days later, I emailed the person who first welcomed me to the school, (and had been so helpful) and asked her how I can enroll since the function that had once allowed me to do so from my student webpage had been disabled.

The date I first contacted her was August 5th.

I am enclosing the documents(emails) to verify every point I make in this letter.

The following is the exact email exchange between us.

Hi Lisa,

When will I be able to register for Fall classes?

Can't do it now from the site.

Thomas C

This is her response to me on that same day:

You can actually enroll now – classes start August 23rd. You will need to contact Bill Glennen, your advisor to make those choices – he is on vacation this week but if you email him he will take care of you when he returns.

As instructed, I contacted Bill Glennen that same day. Being told he was on vacation, I waited until August 17—nearly two weeks--- to hear from him since for some reason I couldn't enroll and add classes otherwise. He never replied to my email, though later he said he tried to call me. From the very beginning I made it clear I had no phone. It was agreed that we could correspond by email. I have also enclosed the document to verify this.

Six days before the deadline to enroll, I sent this email:

[lisa,
I'd like to know if there's some reason I can't go to the ss banner and enroll in classes.
I have six days left and I don't want to wait till the last minute.]

In response, I was again told I had to contact Bill Glennen, which I had already done. Plus the repeated request to Lisa, who had never before had any problems of passing my requests along to the appropriate contact.

I was deliberately barred from enrolling in classes for the early Fall Semester, and I would like to know why. That is my first question.

My second question is this:

Why was my choice to choose my own course of study taken away from me?

I had already passed my chosen course with a 3.5 grade point average, yet, after refusing to allow me to enroll until it was too late to continue the path I had begun, the Advisor presented me with 2 or 3 completely unrelated choices. This is what I had to wait nearly a month to be advised to do.

I knew the choices were limited at the school for online students, but I had made my choice when I signed up. I never requested of anyone to change my studies and with a 3.5 gpa I had no reason to.

It was as if he decided that I didn't have the brains, or wasn't serious about college anyway, so he could dictate to me what studies to take because the school controlled the funds.

I never asked to change Majors. I wanted to take a writing class but that is not a major, and I definitely didn't aspire to a degree in "Sociological imagination".

But that's what was presented to me or I would have been defunct on my student loans.

The next question is:

Why was my disbursement which was scheduled for Sept 6, 2010, revoked?

I passed the Summer Semester and the only reason I wasn't enrolled in the early Fall Semester was because I was prevented from doing so. I tried repeatedly to be allowed to enroll. I never dropped out of school or intended to.

I was not disruptive to the school. I don't even attend on campus. I expressed my opinion on the boards but no one complained about it and I had asked before hand if the boards were informal.

Other than that, I can think of no reason why I was prevented from enrolling in classes or why I was not allowed to continue on my course of study.

I was/am a serious student who has taken out loans to pay for an education and have been given nothing but contempt and irrational actions that are senseless without explanation.

Please investigate and supply me with some reasons so I can understand it, if you are satisfied that you understand it.

Sincerely,

Thomas Couram

Copies of this letter and other documents will also be sent to the Department of Education, Lawyers, and Civil rights organizations.

Would you be able to describe to me where and how you were able to sign up for those classes? Our admissions processing department has stated that the feature should not be open to you to add/drop classes - let me know.

Also, you are in for Summer and they have dropped your Fall classes for right now.

Thomas, we need to do the same thing as we did last semester. Have you enrolled and completed the financial aid process? If so, I can prepare the form we need and e-mail to you today. I will check with those offices to be sure you're ready to finalze. In the future, please use your Friends ID number on your correspondence to us and make sure all enrollment processes are completed before the first day of classes. I have not been allowed to enroll even though I have been trying to for nearly a month.

I have repeatedly asked to be allowed to do so. I have contacted everyone I have been told to contact.

Yet, I'm continually asked if I have enrolled.

How can I enroll if I've been locked out of the system and I'm continually being asked again and again to contact someone?

I have already completed the financial Aid process for this year and my loans and disbursement dates have already been set.

I'm being told to complete the process before classes start.

I tried to do that for the early Fall Semester.

I tried to do it again today for the late Semester which I am told is just two weeks away.

I do not understand why this is the first time I'm hearing that I need to do more paperwork.

If you can get it to me today, or before I miss yet another deadline, I'll appreciate it.
